**The Scholars Strategy Network is an organization of university-based scholars who are committed to using research to improve policy and strengthen democracy. Through strategic connections and communications, SSN is reshaping the way policy is made.**

## **We Are Voluntary**

University-based scholars join the Scholars Strategy Network to volunteer their time and knowledge to solve public problems.

## **We Are In The States**

As a federated network, SSN has over 30 chapters across 26 states, designed to provide state and federal policymakers with research perspectives from their own communities.

## **We Are Defined by Impact**

Researchers in SSN work with three key partners: civic leaders, policymakers, and journalists. By understanding the goals and challenges facing these partners, SSN is focused on impact from the start.

## **We Are Four Communities, One Vision**

Across its diverse chapters and members, SSN’s vision remains constant: improving policy and strengthening democracy with research and evidence.

## **Our Team**

Our scholars are supported by national and regional staffers, as well as individual chapter leaders and our steering committee. Meet them below.
